

The Stangs “American Session”

This Indie-Rock band “The Stangs” is from Pembrokeshire in Western Wales. Their EP called “American Sessions” will be released song by song over the summer. The music is rough like most rock but has a brilliant sound that has a classic rock vibe.

The Stangs

They were formed in 2015, they have played many live shows in the UK and have hit Spotify making a name for themselves on the web. Graeme Heath is on vocals, Josh Lomas is bass and Glenn Alcock is drums making up the three person rock band.

Michael Baker is the producer of this band, he found them during a show at London’s The Troubadour, the band was then invited to do a recording session in New Jersey, starting the journey of their EP “American Sessions.”

My favorite song on this EP is "She's A Stranger" it has a different sound than the rest of the EP and I defiantly have a special place in my heart for this song. I like the song because you can easily relate because we all have had that feeling with someone we just met and thought we liked, but, they were a stranger. This song encapture's it all, the feeling of meeting someone for the first time but having the feeling you like them but *"for all I know she could be a heartbreaker."*

I will be on the lookout for more songs from this band. The songs have me interested to see where they go and what comes next!

My Top 2 Favorite Superhero's Who Sometimes Aren't Heroes

Disclaimer: Pictures used in this article are intended for

entertainment purposes. They belong to DC or Marvel or whichever company that owns them. I do not.

Also, this posts is not for children below 15 and there are spoilers for some of the heroes mentioned.

1. Deadpool

Deadpool is funny, a smart ass, badass and has a fine ass. He is one of the best adult anti-heroes (why yes parent's he is not for your children, it was rated R wasn't it?). This Ryan Reynolds crossed with a shar-pei hero defiantly counts as one of the most badass anti-heroes but he is pretty super. He did defeat the awful Francis, right? Well, he killed him, but we all wanted him dead, except for Colossus he wanted Deadpool to do the right thing.

He is my favorite because of all the sarcasm, breaking fourth walls and hilarious scenes. The comics are just as good (better) and the movie captured them.

Where is this guy?

Deadpool is also a very strong minded character from starting out as a very good looking guy to going to an avocado had sex

with an older avacdo face when he tried to get rid of his cancer and that was all he had and thought that was all Vanessa cared about. He was sad and just wanted his life back. He did it the way he could by surviving and hunting down the man who did it to him instead of weeping in a corner crying.

Deadpool isn't a standard hero but if I was in a tight space and needed help I would defiantly call him!

"If I ever decide to become a crime-fighting shit swizzler, who rooms with a bunch of other little whiners at Neverland Mansion with some creepy, old, bald, Heaven's Gate-looking motherfucker... on that day, I'll send your shiny, happy ass a friend request." Deadpool to Colossus

Here is the new Deadpool Trailer which I adore, so many easter eggs:

2. Jessica Jones

Some of you may have heard of the Netflix original Jessica Jones., I love it and she is my favorite female hero. Jessica isn't the average hero or perse a hero in general to most people but I call her a hero. Jessica has been through a lot due to Kilgrave who manipulated her, she shows real flaws and a real personality. With what Kilgrave put her through and how she copes and still helps people, I say that makes her a damn good hero any day.

Jessica is a private detective also who doesn't take any shit and gets stuff done; she sniffs out the cheaters and exposes them and other people who are low lives. Though she uses methods that are unethical which is why she can sometimes get in trouble, though, she gets her cases done and gets the person.

Jessica Jones

As I said, Jessica has a good heart she has just been through a really big trauma in her life but is a survivor and I truly admire that in her, she survives no matter what. The show

shows her struggles and how deep they are especially when Kilgrave returns, though, she still does the right thing. Jessica is a very powerful woman.

“They say everyone’s born a hero. But if you let it, life will push you over the line until you’re the villain. Problem is, you don’t always know that you’ve crossed that line. Maybe it’s enough that the world thinks I’m a hero.” Jessica Jones
