My Top 2 Favorite Superhero's Who Sometimes Aren't Heroes

Disclaimer: Pictures used in this article are intended for entertainment purposes. They belong to DC or Marvel or whichever company that owns them. I do not. Also, this posts is not for children below 15 and there are spoilers for some of the heroes mentioned.

1. Deadpool

Deadpool is funny, a smart ass, badass and has a fine ass. He is one of the best adult anti-heroes (why yes parent's he is not for your children, it was rated R wasn't it?). This Ryan Reynolds crossed with a shar-pei hero defiantly counts as one of the most badass anti-heroes but he is pretty super. He did defeat the awful Francis, right? Well, he killed him, but we all wanted him dead, except for Colossus he wanted Deadpool to do the right thing.

He is my favorite because of all the sarcasm, breaking fourth walls and hilarious scenes. The comics are just as good (better) and the movie captured them.

Where is this guy?

Deadpool is also a very strong minded character from starting out as a very good looking guy to going to an avocado had sex with an older avocado face when he tried to get rid of his cancer and that was all he had and thought that was all Vanessa cared about. He was sad and just wanted his life back. He did it the way he could by surviving and hunting down the man who did it to him instead of weeping in a corner crying.

Deadpool isn't a standard hero but if I was in a tight space and needed help I would defiantly call him!

"If I ever decide to become a crime-fighting shit swizzler, who rooms with a bunch of other little whiners at Neverland Mansion with some creepy, old, bald, Heaven's Gate-looking motherfucker... on that day, I'll send your shiny, happy ass a friend request." Deadpool to Colossus

Here is the new Deadpool Trailer which I adore, so many easter eggs:

2. Jessica Jones

Some of you may have heard of the Netflix original Jessica Jones., I love it and she is my favorite female hero. Jessica isn't the average hero or perse a hero in general to most people but I call her a hero. Jessica has been through a lot due to Kilgrave who manipulated her, she shows real flaws and

a real personality. With what Kilgrave put her through and how she copes and still helps people, I say that makes her a damn good hero any day.

Jessica is a private detective also who doesn't take any shit and gets stuff done; she sniffs out the cheaters and exposes them and other people who are low lives. Though she uses methods that are unethical which is why she can sometimes get in trouble, though, she gets her cases done and gets the person.

Jessica Jones

As I said, Jessica has a good heart she has just been through a really big trauma in her life but is a survivor and I truly admire that in her, she survives no matter what. The show shows her struggles and how deep they are especially when Kilgrave returns, though, she still does the right thing. Jessica is a very powerful woman.

"They say everyone's born a hero. But if you let it, life will push you over the line until you're the villain. Problem is, you don't always know that you've crossed that line. Maybe it's enough that the world thinks I'm a hero." Jessica Jones

[Fantastic Beasts and Where To Find Them](#)

I adored this movie, it brought back my child, no Hogwarts but nonetheless, there was magic and it was amazing. It was based in New York and there were new terms and new faces.

Newt Scamander played by Eddie Redmayne did a fabulous job portraying the loving, goofy, lovable wizard that JK Rowling made for us. Katherine Waterston did an also fabulous job at portraying the new character Porpentina "Tina" Goldstein.

Newt first meets a muggle or "No-Maj" in the US portrayed by Dan Folger and he gets a hold of Newt's case. Newt befriends him later after some events. Later, these three heroines try and capture Newt's escaped "creatures" that have gone off into New York, while a new one is the uprising.

- Do I recommend this film for young children?
 - Not really because of one scene *SPOILER* Newt and Tina were tried to be put to death and also they

are scenes of abuse.

- It is not like the other Harry Potter movies, it has more adult themes, not sexual, but “real life” themes like abuse, law, and how magic was not wanted in the 60’s.
